

Memo from

To:

AUG 5 1971

It was good to hear from you; and we are both pleased that Evy is pulling out of her ordeal. Marguerite had a brush with it last summer -- but 10 weeks of bed rest seemed to do the trick. Bad enough!

This may miss you before we both leave for Europe; but I wanted to let you know that I will be at Princeton June 6-8 72 for a symposium on computers at the Inst Adv S tudy....So if not much sooner, as I hope, let's make a date for then if possible.

Have a good summer,

Sincerely,
